ChatGPT Prompts to help you search for speaking opportunities

1. **Industry-Specific Conferences:**
   - "What are the top conferences in (your industry) happening this year?
2. **Local Networking Events:**
   - "Are there any local business or professional networking events in (your city) that are looking for guest speakers?"
3. **TED Talks:**
   - "What TEDx talks are within a 3 hour drive of (your city)?"
   - "What TEDx talks are happening this year?"
4. **Professional Associations and Meetups:**
   - "Which professional associations in (your field) host regular events or meetings with speaking opportunities?"
   - "Are there any women's associations near (your city) looking for speakers?"
5. **Universities and Academic Panels:**
   - "Which universities or colleges in my area host guest lectures, panels, or career talks related to my expertise?"
6. **Community and Nonprofit Events:**
   - "Are there any community or nonprofit organizations hosting events or fundraisers that could use a speaker?"
7. **Webinars and Virtual Summits:**
   - "Which companies or organizations are hosting webinars or virtual summits in my industry?"
8. **Repeat business:**
   - "I've spoken at (share past speaking client). What are similar organizations looking for speakers?"
9. **Podcasts or Media Opportunities:**
   - "What podcasts, online panels, or digital events are actively looking for guest speakers in (your niche)?"
10. **Corporate or Internal Events:**
    - "Which companies in my field host employee training days, leadership workshops, or client events that involve guest speakers?"
