

# 5 Things to Do This Week to Start Your Public Speaking Career

## 1- I would change my socials to include:

- ☐ The word SPEAKER...everywhere
- ☐ My mission statement and/or speaker statement

## 2- I would start getting footage:

- ☐ Go on podcasts and film yourself
- ☐ Speak for free
- ☐ Host your own event, even if it's virtual!

## 3- I would start getting reps of speaking:

- ☐ Find any opportunity to speak (at your kid's school, at your local library, a meeting at work etc.)
- ☐ Or join [Mic Drop Club](#) and we'll help you get reps every month!

## 4- I would start building my platform around my Speaker Statement:

- ☐ Change all my bios to include my Speaker Statement
- ☐ Create a freebie around my Speaker Statement to collect emails
- ☐ Do minimum 1 post per week around my speaker statement
- ☐ Start an engagement pod with other #SpeakerSisters

## 5- I would find other women to team up with:

- ☐ Do dry runs of your talk
- ☐ Engage with each other on social
- ☐ Refer each another #SpeakerSister, give 15% of the gig (psst we have templates for this in [Mic Drop Workshop!](#))

**We hope to see you on stage!**
